

# Pre-Cast & Pre-stressed Concrete Solutions

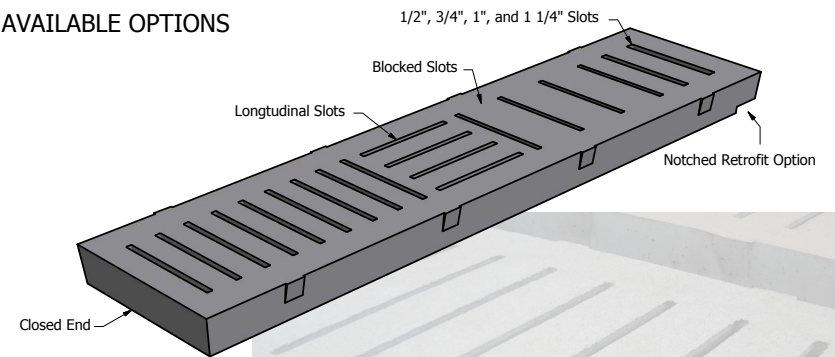

Agricultural, Commercial, Industrial, and Residential Product Line

Built to exceed Industry Standards, count on us to provide you with Hog Slats that will exceed your Expectations.

Flexible solutions for  
Your building needs

## AVAILABLE OPTIONS

## Hog Slats

Built to exceed industry standards, our Hog Slats are built by dry casting for unparalleled strength and durability. Standard width is 24 inches, with any length up to 12 feet. Slots and sides are sloped to reduce manure buildup and promote easy cleaning. Options include a notched end to accommodate a retrofit situation where replacing thinner slats, closed ends, longitudinal slots, various sizes in slot width, blocked slots, and blocked out pit access holes for pit flushing. We offer a 20 year guarantee on our Hog Slats.

WE'VE WORKED WITH A DIVERSE CUSTOMER BASE. HOW CAN WE HELP YOU?
